

Spur Customer Support Policies

1. Refund Policy

At Spur, we want you to be completely satisfied with our platform. If you are not satisfied with your subscription, you may request a refund within 14 days of your initial purchase. Refunds are processed within 5-7 business days and credited back to your original payment method. To request a refund, contact our support team at support@spur.in with your order ID and reason for the refund. Refunds are not applicable after the 14-day window or for accounts that have violated our terms of service. Partial refunds may be issued at our discretion for unused portions of annual plans.

2. Cancellation Policy

You may cancel your Spur subscription at any time from your account dashboard under Settings > Subscription. Upon cancellation, your account will remain active until the end of your current billing period. We do not offer prorated refunds for mid-cycle cancellations on monthly plans. For annual plans, cancellations within the first 14 days are eligible for a full refund. After cancellation, your data will be retained for 30 days before permanent deletion. You may reactivate your account within this 30-day window without losing your data.

3. Shipping and Delivery Policy

Spur is a digital platform and does not ship physical products. All subscriptions, features, and integrations are delivered digitally and activated immediately upon payment confirmation. For enterprise plans that include physical onboarding kits, delivery is available across major Indian cities within 5-7 business days. Delivery to Tier 2 and Tier 3 cities may take 7-10 business days. Spur is not responsible for delays caused by courier partners or incorrect delivery addresses provided by the customer.

4. Return Policy

As Spur provides a software-as-a-service (SaaS) product, physical returns are not applicable. However, if you experience technical issues or the platform does not perform as advertised, you are entitled to request a service review within 30 days of purchase. Our technical team will investigate and resolve the issue within 48 hours. If the issue cannot be resolved, a full refund will be issued. Feature requests and general dissatisfaction with the product direction do not qualify for returns or refunds.

5. Payment Policy

Spur accepts payments via credit card, debit card, UPI, net banking, and popular wallets including Paytm and PhonePe. All transactions are processed securely through our payment partners. Subscriptions are billed automatically at the start of each billing cycle. Failed payments will be retried up to 3 times over 7 days before the account is suspended. You will receive email notifications for all payment events. GST is applicable on all plans as per Indian tax regulations and will be reflected in your invoice. Invoices are generated automatically and available in your account dashboard.

6. Support Hours and SLA Policy

Spur customer support is available Monday to Saturday, 9:00 AM to 6:00 PM IST. Support is available via live chat on our platform and email at support@spur.in. We aim to respond to all queries within 4 business hours. Critical issues such as platform outages or data loss are treated as P1 and addressed within 1 hour. Standard queries are resolved within 24 hours. Enterprise customers are entitled to dedicated support with a 2-hour SLA and a dedicated account manager. Support is not available on national public holidays.

7. Data Privacy Policy

Spur is committed to protecting your data. We collect only the information necessary to provide our services. Your data is stored securely on AWS servers located in the Asia Pacific region. We do not sell or share your personal data with third parties except as required by law. You may request a copy of your data or deletion of your account at any time by contacting support@spur.in. We use industry-standard encryption for data in transit and at rest. For full details, refer to our Privacy Policy available at spur.in/privacy.
